POSTED ON 05.24.18

IDEMIA stands for Augmented Identity in a connected world in which the security of identity has become essential, especially when it comes to financial transactions. IDEMIA guarantees secure, authenticated and verifiable transactions for clients from Financial, Telecom, Identity, Public Security and IoT sectors.

At Money 20/20 Europe, IDEMIA invites you to experience its innovative solutions to reinvent the way we “Transact”, “Identify” and “Pay”, through dedicated demonstration areas.

IDEMIA will showcase a wide range of innovations on its booth, such as:

- Open banking and Strong Customer Authentication
- 3D face recognition and payment
- Remote and contactless payments
- Digital customer onboarding and Know Your Customer solutions for Financial Institutions
- IDEMIA's next generation of payment powered cards (F.CODE, BLINK, MOTION CODETM)
- Opportunities related to new PSD2 regulations
- Contactless Biometric data capture and matching with a single hand movement (Morpho wave)... and much more to discover.

All consumers are more and more using new ways of making financial transactions that can provide better user experience, combining convenience and security – which are both in IDEMIA's DNA. IDEMIA is the leader in biometric solutions and will present at Money 20/20 Europe 2018 how the group supports the digital transformation of its customers in a connected world, always making security a priority.

About IDEMIA - OT-Morpho is now IDEMIA, the global leader in Augmented Identity for an increasingly digital world, with the ambition to empower citizens and consumers alike to interact, pay, connect, travel and vote in ways that are now possible in a connected environment.

Securing our identity has become mission critical in the world we live in today. By standing for Augmented Identity, we reinvent the way we think, produce, use and protect this asset, whether for individuals or for objects. We ensure privacy and trust as well as guarantee secure, authenticated and verifiable transactions for international clients from Financial, Telecom, Identity, Public Security and IoT sectors.

OT (Oberthur Technologies) and Safran Identity & Security (Morpho) have joined forces to form IDEMIA. With close to \$3 billion in revenues and 14,000 employees around the world, IDEMIA serves clients in 180 countries.
